Chief, FBIB

Channels for Carrying Mediterranean Bureau  
Traffic from Cyprus to London

1. Reference is made to your memorandum dated 30 August 1948 to Chief, FBIB, subject as above.
2. This office concurs in your recommendation that Cable & Wireless, Ltd. facilities be used for carrying the Mediterranean Bureau traffic from Cyprus to London. This matter will be discussed with Mr. Frost, Director of the BBC Monitoring Service, during his visit in Washington in October 1948.
3. If it becomes apparent that the BBC has any intention of making a change in this plan and utilizing British Army facilities, this office will notify you at the earliest possible date.
